PROFILE

Urban and regional planner with nearly a decade of experience in **strategic planning, plan-making, and stakeholder engagement** across the United States and Sri Lanka. Experienced at both metropolitan planning organization and national authority levels, with exposure to regulatory frameworks and award-winning project delivery. Master of Urban & Regional Planning from Ball State University (3.9 GPA). National Planning Excellence award recipient. Chartered with the Institute of Town Planners Sri Lanka and member of the American Planning Association.

EXPERIENCE

Senior Planner

Madison County Council of Governments, Indiana, USA · Jun 2025 – Jun 2026

- Led the 2026 **Clean Air Aware Program** for Madison County – owning outreach strategy, public engagement, and partner coordination to advance regional air-quality goals.
- Contributed research, analysis, and policy drafting to the **Anderson Metropolitan Planning Area Resiliency Plan 2050**.
- Wrote grant narratives, funding justifications, and project scope for the Markleville Community Park Trail Project.
- Served as the bridge between regional planners, municipal officials, and community partners to translate plan priorities into local action.

Planning Intern

Madison County Council of Governments, Indiana, USA · May 2023 – May 2024

- Worked the **Markleville Comprehensive Plan 2035** and the **Integrate I-69 Corridor Study** end-to-end – from background research through public hearings and adoption.
- Drafted analysis chapters, produced maps and visualizations, and ran digital public-outreach campaigns.
- Continued from the summer internship into a year-long placement supported by Ball State University's Department of Urban Planning.

Town Planner

Urban Development Authority, Sri Lanka · Sep 2019 – May 2024

On study leave Aug 2022 – May 2024.

- Authored **Comprehensive and Strategic Plans** for multiple local authorities, translating national policy into workable land-use frameworks.
- Designed mixed-method field research – document review, interviews, surveys, site assessments – and advised municipal officials on project feasibility throughout plan implementation.

Assistant Planning Officer

Urban Development Authority, Sri Lanka · Mar 2017 – Sep 2019

- Drafted Comprehensive and Strategic Plans balancing development against ecological constraints in environmentally sensitive zones; authored technical reports and presented findings to senior planning leadership.

Project Coordinator

Eco-Friendly Volunteers, Sri Lanka · Jan 2016 – Mar 2017

- Delivered the U.S. Embassy-funded “Climate Change and Conscious Consumerism” initiative – coordinating three youth teams and running nationwide awareness campaigns.
